2013 FAMILY PUBLICITY PERMISSION

During each school year, Hampton Park Primary School may wish to use photographs of your child or children for display purposes in the promotion of the work undertaken by the school. This material may directly or indirectly identify students.

Each year we are required to seek your permission to allow your child or children to be photographed or filmed as part of the publicity of the school while your child is enrolled at the school.

Please read and complete this form carefully before signing. You only need to complete one permission form for your family, but must include the names of all children at this school.

Leonie King
Principal

Student(s) Details

Full name(s) of student(s):

____________________________________________________________________

____________________________________________________________________
