HPPS EDUCATIONAL VALUES
Teachers will:

• Value each individual student in the classroom and understand their backgrounds, interests and perspectives

• Help every student succeed by understanding their individual learning needs and providing a program to support these needs

• Build strong literacy and numeracy skills in recognition of the importance these skills have in underpinning learning

• Value active involvement and have high expectations of all students

• Use assessment practices that reflect learning objectives and provide constructive feedback to the students which will drive future learning.

PARENT INFORMATION SESSIONS

When your child is involved in the Prep Transition sessions, parent sessions will also be offered.

These sessions are intended to provide information about the various programs available at Hampton Park Primary School and to allow you to ask any questions you may have.

We will look at many topics including strategies for preparing your child for their first days at school, how you are able to help your child have a successful year in Prep, what we teach and how we cater for all learners.

SOCIAL VALUES

- Respect
- Cooperation
- Friendliness
- Best Effort

TRANSITION PROGRAM

Our new students will have many different lessons as part of the Prep Transition Program.

Some of the exciting activities they will be involved in when they come to Hampton Park Primary School include:

- Art Classes
- Storytelling and Library sessions
- Physical Education and Sport
- Meeting 2014 buddy students
- Science experiments

PREP - GRADE 2 LEARNING APPROACH

This year, the creation of an Early Learning Centre for our Prep to Grade 2 children has provided an exciting and stimulating learning environment which is supported by the introduction of the Walker Learning Approach. This approach to teaching and learning is an internationally accredited philosophy which uses a unique balance of explicit instruction in literacy and numeracy skills and personalised, explorative learning.

When you visit us, we’re sure you will be impressed by the high level of student engagement and motivation in the state of the art learning space.
